Dear Friends Who Pray Support and Encourage,

We finally made it home to Zambia. July 5th came and went without coming home, my passport did not have enough days left to travel to Africa. Tickets refunded and new ones bought (nearly \$1000 more) and after travel ordeals (late flight, missed connection, two days in DC with the swamp) BUT WE ARE HERE!

We have seen real miracles since coming: well driller found and he gave a good price (\$1800 including pump installation), and done same day. SWEET WATER AND PLENTY OF IT! *HALLELUJAH*

We had some land obstacles due to dishonesty with headmen and area chairmen. Went to the see Chief Mukuni, friend since 2002. He summarily settled it. AND, even had money spent on purchased land returned to THE LORD'S ministry because of the fraud. AND, clear title deed by his decree! *HALLELUJAH*.

Probably in next month, by Baptism service *HOSANNA BAPTIST CHURCH* will be organized, dedicated and registered in HEAVEN! Pastor Alfred has taught: true salvation by repentant a faith in Christ alone to be Lord and Savior, truth of Christ's Church, His Body & now the truth of Baptism will be taught clearly.
